

MOLD MASTERS *Company*

Mold Masters is committed to preventing pollution through our processes, practices, and material that avoid, reduce or prevent pollution. This may include recycling, process changes, control mechanisms and efficient use of resources and materials.

Mold Masters is committed to continuous improvement of our Environmental Management System, as well as our overall environmental performance.

Top management at Mold Masters is committed to support the setting and reviewing of environmental objectives and targets to display continuous improvement within the Environmental Management System.

Mold Masters is committed to be in compliance with relevant local, state and federal environmental regulations and with all other requirements, which Mold Masters subscribes to.

Top management at Mold Masters is committed to implement, maintain and communicate this policy to all employees and when requested will be made available to the public.

This policy and Environmental Management System applies to all Mold Masters employees. Each MMC employee should encourage concern, show respect and be responsible for environmental performance.
